

Mayowa Oluwafemi Phillip

Power BI Data Analyst | Data Visualization & Business Intelligence Specialist
07065952154 | mayowaphillip@yahoo.com

PROFILE

Microsoft Certified Power BI Data Analyst (PL-300) with over 10 years of experience working with data, including data management, transformation, and reporting.

Over the past year, I have specialized in building interactive Power BI dashboards and business intelligence solutions, helping organizations turn raw data into clear actionable insights.

Skilled in end-to-end analytics workflows including data cleaning, modelling, and visualization.

CORE SERVICES

- Power BI Dashboard Development (Interactive & Executive Reports)
- Data Cleaning & Transformation (Power Query, Excel, Python – Pandas)
- Data Modeling (Star Schema, Relationships)
- DAX Calculations & KPI Development
- Business Intelligence & Performance Reporting
- Data Storytelling & Visualization
- SQL Data Extraction & Querying

PROFESSIONAL EXPERIENCE

Data Analyst | Independent Consultant (Remote)

2024 – Present

- Design and deliver interactive Power BI dashboards tailored to business needs.
- Build complete analytics workflows: data collection, cleaning, modeling, and visualization.
- Develop KPI dashboards for tracking performance and business growth.
- Transform complex datasets into simplified, actionable insights for stakeholders
- Implement automated reporting systems using Power BI and DAX.

Data Operations Specialist

Federal Ministry of Works Field Headquarters – Akure, Nigeria.

2020 – 2024

- Managed and optimized large-scale operational data systems.
- Prepared structured datasets for reporting and analytics.
- Developed performance reports used for executive decision making.
- Improved data accessibility and reporting workflows across departments.
- Ensured data accuracy, consistency, and integrity.

Information Management Officer

Federal Ministry of Works – Ogun/Oyo States, Nigeria.

2014 – 2019

- Organized and maintained structured data systems for administrative operations.
- Improved access to information by restructuring legacy data records.
- Supported reporting processes with accurate data documentation.
- Maintained high-volume data operations with strong attention to detail.

KEY PROJECTS

Workforce Support Program Market Analysis

- Carried out the survey, analyze the data and build an interactive power BI dashboard.
- Enabled stakeholder and executives to make decision on the viability of the program.

HR Analytics Dashboard

- Designed employee analytics dashboard showing attrition, department distribution, and workforce trends.
- Improved HR decision-making with clear visual insights.

Sales Performance Dashboard

- Built an interactive Power BI dashboard tracking revenue, profit, and monthly trends.
- Enabled stakeholders to identify high-performing products and sales regions.

Professional Trend Dashboard

- Analyzed survey data from 630 respondents to build an interactive power BI dashboard highlighting salary trends and career satisfaction.
- Enabled stakeholders to identify high-demand skills like Python and key correlations between education levels and earning potential.

CERTIFICATIONS

- Microsoft Certified: Power BI Data Analyst Associate (PL-300) | 2025
- Data Analysis and Visualization (3MTT, Nigeria) | 2025

TECHNICAL SKILLS

- Visualization and BI Tools: Power BI, Power BI Service, Dashboard Design, Data Storytelling
- Data Handling: Excel, Power Query, Python (Pandas)
- Data Modeling & Analysis: Star Schema, Relationships, DAX, KPI Development, Trend Analysis, Business Insights.
- Database: SQL

EDUCATION

BSc. Economics

University of Ibadan, Nigeria
